

J &L Electrical Services Awarded Chippewa Falls Skilled Nursing Facility Project

For Immediate Release

May 2011, Hudson, WI, J&L Electrical Services has been awarded the electrical work at the Skilled Nursing Facility in Chippewa Falls Wisconsin. The total project value is approximately \$20 million with the electrical portion approximately \$2.2 million. Construction starts in May of 2011 and is expected to be completed in November of 2012.

The building encompasses approximately 80,000 sq feet and will offer 72 beds. The facility will ensure that the area's veterans will have the same access to skilled nursing long-term care as veterans in other hub areas.

"We are very excited to have been awarded this project," commented LouAnne Berg, Owner, J&L Electrical Services, "this project will allow us to showcase our efficiencies and our commitment to safety." Bob Quist, estimator/project manager, is providing daily management to ensure safety, quality, budget and that the schedule is being met.

In 2008, LouAnne Berg, Owner of J&L Steel Erectors expanded her business to include electrical services dba J&L Steel & Electrical Services. The electrical division offers industrial, commercial and institutional electrical services and has a proven safety record. For more information please visit www.jles.us.
